

## SMAAASH CRICKET

### DESCRIPTION :

Smaaash Cricket is a simulation game where our precise technology not only replicates the bowler's action perfectly, but also the speed, spin and bounce they generate.

This bowling action is precisely synchronised with our high-tech bowling machine which delivers the ball at the exact split second. The polyurethane ball feels like a leather ball, yet safeguards the players from serious injuries. Our high-tech cameras track every move and even offer replays. The user can select from various levels, starting from Amateur, County, International & Professional where the speed & Spin of the ball goes a notch up as the level increases.

Technical Specifications	
Operator Required	Yes
On-site Technician require	Common
Height / Width / Length(Depth) - (Feet)	14/14/80
Floor area required	1260
Weight (KG)	850
Static floor loading (kg/sq ft)	0.7
Shipping weight	1100
Can be dismantled	Yes
Structural Bolting To floor required	No
Electrical Requirements	
North America	110V Single Phase
Outside North America	220 V single phase

### TIME PER GAME

**15 min**

### NO. OF PLAYERS

**1 max**

### R.O.I

**HIGH**
